

Momentum Aerial and Acrobatic Troupe is CAUSIN' A COMMOTION

A fun-filled, spectacular circus show takes the stage during this year's Winnipeg Fringe Festival!

This July, *Causin' A Commotion* promises to entertain and delight audiences of all ages. Featuring a talented and internationally experienced ensemble of performers, the show is told through a combination of aerial circus arts, theatre and acrobatics.

Causin' A Commotion is the brainchild of Momentum's long-time creative duo, Monica Goermann and Loc Lu.

The premise of the show is this: There is a nasty game afoot – someone is stealing all the fun! Join our heroes as they seek to save the town from a terrible fate of life without laughter. Will they catch the culprit before it's too late?

Since 2004, Winnipeg's premiere Aerial and Acrobatic Troupe expresses story through acrobatic movement both on the ground and in the air. Momentum members have performed on the world stage at every World Gynaestrada from 1999 to 2023. Lisbon, Lausanne, Helsinki, Dornbirn and most recently in the FIG Gala at the 17th World Gymnaestrada in Amsterdam.

Performance details: The Winnipeg Fringe Festival Venue 21 – MTYP Mainstage
