FOR IMMEDIATE RELEASE

Clown-Infused Dramey Created By Two Calgary Emerging Artists

Calgary, Alberta, June 25, 2024: A brand new work will be hitting the stage of the 2024 Winnipeg Fringe. Glass Confetti Productions is proud to be presenting their new work, *You're Driving Me Crazy*, which will be running from Thursday, July 18th through Saturday, July 27th at The Tom Hendry Warehouse, Venue 06. Don't miss your chance to catch this uniquely fresh clown-infused dramey, jam packed with music, laughs, and a little bit of confetti. Tickets are only \$12 and can be purchased online at winnipegfringe.com/. \$10 Tix will be available on select dates. Parental guidance is recommended.

Sibling dynamics are hard. Jen and Penny know that all too well. *You're Driving Me Crazy* follows the clownish journey of two sisters confined in a small car as they make their way to a wedding they have no interest in attending. Watch as a pleasant drive down memory lane turns into a disaster of cosmic proportions, as perspectives clash, secrets are spilled, and tensions bubble over.

You're Driving Me Crazy will be Glass Confetti Production's first show to ever hit the stage. Located in Calgary, AB, Glass Confetti Productions was created by Stephanie Alexandre and Alison Bloxham - two recent graduates from the University of Calgary's School of Performing and Creative Arts who are trying to navigate the challenging life of being emerging artists. Both writers and performers, the two have joined forces to create this company as a way to have the best of both worlds and produce original works.

You're Driving Me Crazy is going on the road! Find us at the Regina, Calgary and Edmonton Fringe Festivals in addition to Winnipeg Fringe. Check us out on Instagram to stay up to date on our Fringe journey.
