

Considerations When Choosing a BYOV for the Winnipeg Fringe

Costs:

- What is the per performance price?
- What do I get for this fee? Is there anything the fee doesn't cover that I will have to supply on my own?

Technical specs:

- Does the venue have the lighting and sound equipment I need?
- Is the performance space large enough / suited to my show?
- Is there storage space available?
- If it's an outdoor space, what will I do if it rains?

Performance Schedule:

- How many performances will I receive?
- What time of day will these performances take place?
- Will there be a rotating schedule with the other companies sharing the venue, or do we each have our own set time?

Location:

- Is the BYOV easy to find?
- Is it accessible? Is that important to me?
